Install the conveyor

Range Road Enterprises Ltd
Box 5 Site 9 RR1
Lacombe, AB T4L2N1
www.range-road.ca

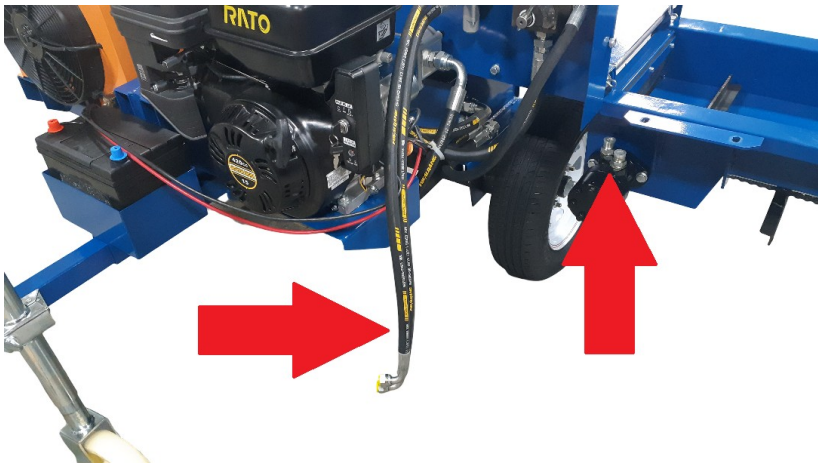

Attach the cable of the winch with the hook to the conveyor.

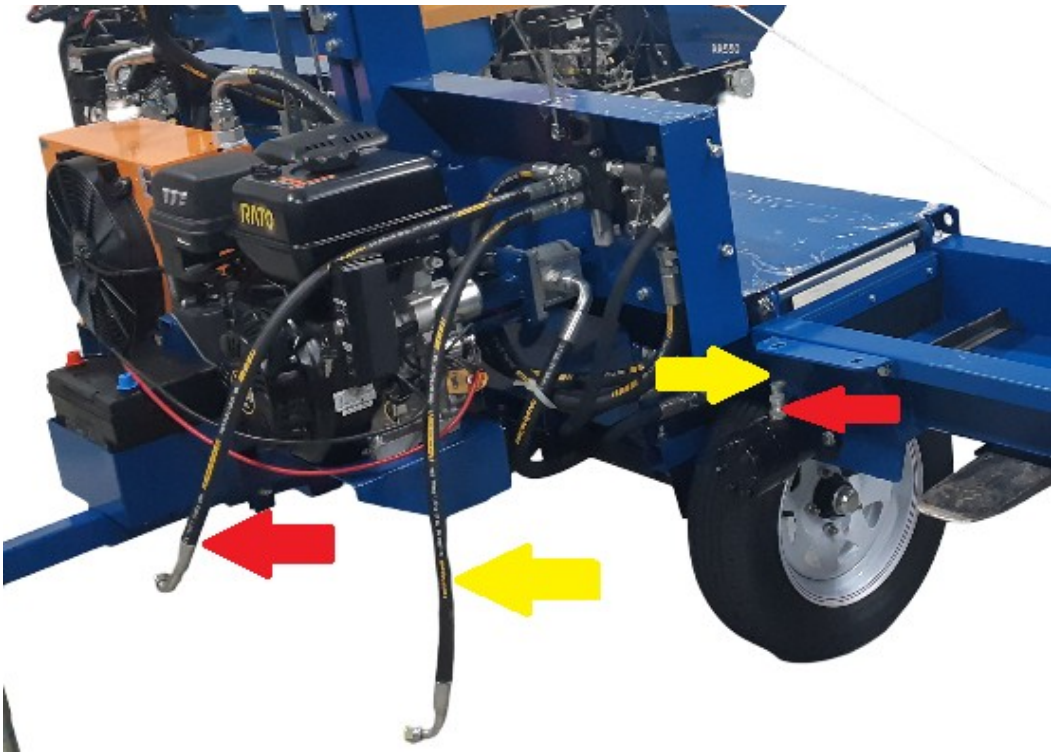

Range Road Enterprises Ltd
Box 5 Site 9 RR1
Lacombe, AB T4L2N1
www.range-road.ca

Connect the two hydraulic hoses to the hydraulic motor.
Connect the upper hose from the valve to the right fitting on the hydraulic motor.
Connect the lower hose from the valve to the left fitting on the hydraulic motor.

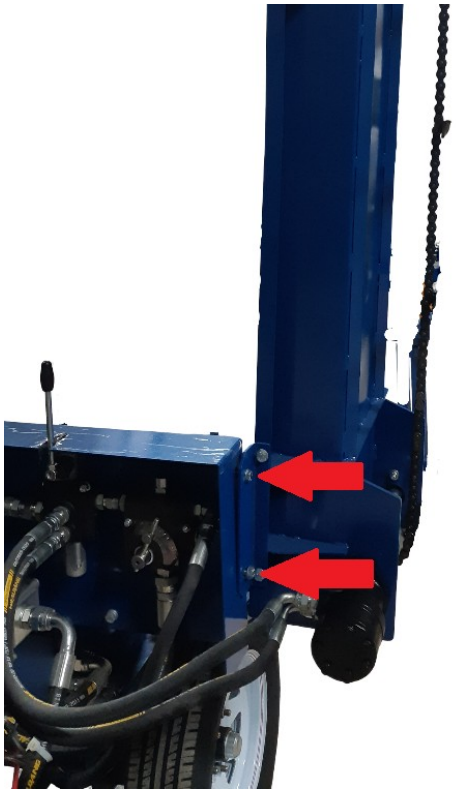

Range Road Enterprises Ltd
Box 5 Site 9 RR1
Lacombe, AB T4L2N1
www.range-road.ca

Install both stands.

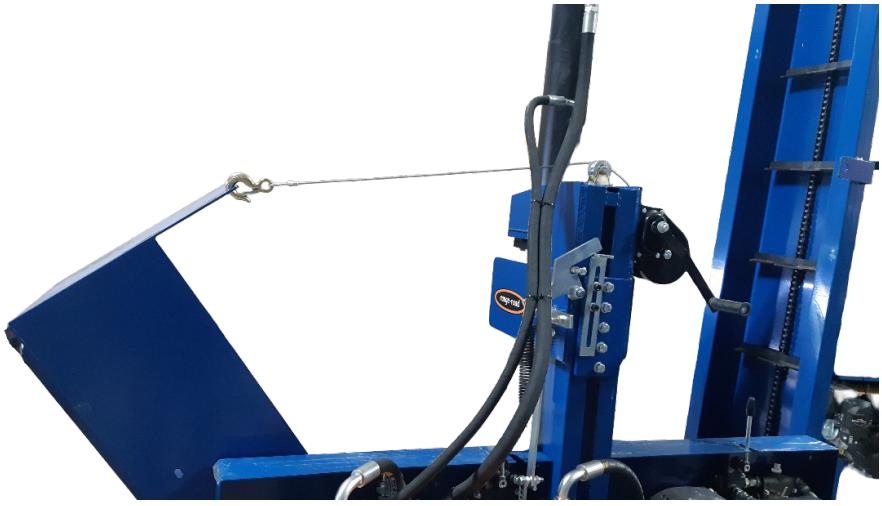

Pull the conveyor belt up with the winch. Secure the conveyor to the splitter with these 2 bolts.

Now disconnect the cable from the conveyor and connect it to the wood lifter. Pull the wood lifter up far enough so that the cylinder can be connected to the lifter and secured with the bolt.

Fill up with engine oil, hydraulic oil, and gasoline.
